The applicants for the fish curing yard at Moolky were asked to provide another site if it was not possible for them to remedy the legal defect detected in the transfer of the site first offered by them. But the Matadhipadi declined to address the Religious Endowment Board for sanction of the transfer of the site in question and the applicants were not able to secure another site. As they are keen on having the yard it is suggested that the site

may

may be acquired under the Land Acquision Act. The curers who were asked if they were prepared to deposit the cost of acquiring the site expressed their inability to do so and prayed that the Government may advance the cost of acquisition and collect the amount by cess. A copy of the translation of their petition is enclosed. ¶ 3 infra

¶¶4-5 infra 2. A sketch of the site for the yard with the adangal ¶ 6 infra extract and valuation statement received from the Tahsildar ¶¶7-8 infra Mangalore are herewith enclosed. The land has been valued at Rs.166-3-0.

3. The curers have already deposited Rs.250/- in the District Treasury, South Kanara as security deposit against loss if any in working the Yard.

4. A sum of Rs.300/- has been provided in the Budget Estimate for 1937-38 for the acquisition of the site. The acquisition proceedings will take time. I have the honour to recommend that steps may be taken now to acquire the site as early as possible.

*To the Director of Fisheries, Madras, through the Inspector of Fisheries Mangalore, and the Assistant Director of Fisheries, Calicut.

We

We, the humble petitioners beg to submit the following:-

We have been asked whether we are prepared to meet the costs of the acquisition of the site for the accommodation of the fishcuring yard to be opened in our locality.

We humbly submit that we are very poor Fishermen living in poverty and that it was with the greatest difficulty that we were able to make the deposit of Rs.250/- in January last towards any loss that the Government were likely to incur in the working of the yard. Hence we pray that the Government will be gracious enough to meet the cost of the acquisition of the land. The whole amount advanced by Government for the establishment of the yard, including the cost of the land may be recovered from us in the shape of cess at one pie per seer of salt.

Orders on the letter from the Dy of Fisheries at pgs 1-3 cr.

(F) 2. In Co. No 483 Dev dated 25.3.35 the Govt sanctioned the opening of a fish curing yard at Mwalkey in the Lamu Kenana District, and included necessary provision in the Budget Est for 1935-36. The fishermen who petitioned for the opening of the yard promised to provide a suitable building for housing it. The original site selected by them and approved by the District Health Officer was subsequently given up as the properties of the owner of that plot were taken under his injection. They therefore selected another site and the District Health Officer approved it. The prospective owners took possession of the site on permanent lease and transferred it to Govt by a registered deed. The Govt Chemist was of opinion that it was not advisable to accept the

transfer of the title. Owing to uncertainty as to the title to the site, it was considered not advisable to construct the buildings and fence on it and it was thought that it would take time to examine the question further, the provision of Rs 1500 included for the purpose in the B.E. for 1935-36 was resumed.

Ex. 24 & 25 Vict. c. 97 (T) 29.2.86.

The applicants for the fifth Carving year were asked to provide another site if it was not possible for them to remedy the legal defect detected in the transfer of the site first offered by them. But the Mahadhipadi declined to address the Religious Endowment Board for cancelling the site in question and the applicants were not able to secure another site. As they are keen on having the yard the Director suggests that the site may be acquired under the Land Acquisition Act. The Carvers who were asked if they were prepared to deposit the cost of acquiring the site have expressed their inability to do so and have prayed that the Govt should advance the cost of acquisition and collect the amount by easy. The cost of acquisition is estimated at Rs 166-3-0. The Carvers have already

Sub:- Fish curing yards - Moolky - establishment - sanction for.

(D) In G.O.No.545 Dev., dated 6.3.1937 the Government said that the fish curing yard at Moolky would be sanctioned temporarily for a year and a staff of one Petty Yard Officer on Rs.19/- and one peon on Rs.12/- will be sanctioned for the yard. As provision for the buildings etc. for the yard was made in the Budget Estimate for 1939-40 it was possible to open the yard on 1.12.1939 only. I presume that the sanction for the staff of yard conveyed in G.O.No.545, Dev., dated 6.3.1937 will hold good for a year from the date of appointment (i.e. 1st December 1939). May I know if my presumption is correct?
